

How to change default characters in Mono16 in programs that don't support Open-Type features.

Change	Styleset number
x -> *	1
0 -> Ø	2
0 -> 0	3
1 -> 1	4
l -> l	5

- 1) Download the fonts
- 2) Open fontsquirrel [webfont generator](#)
 - a) Upload the font you've just downloaded
 - b) Choose EXPERT...
 - b) OpenType Flattening
 - c) Choose the styleset number
- 3) Download again
